Import Tariffs

Most of Fiji's tariffs are assessed on an ad valorem basis on the c.i.f. (cost, insurance and freight) value of the imported goods. Non ad valorem rates, mainly alternate rates with minimum ad valorem duties of 32% apply mainly to clothing and other textile products, among others. Imported used clothing is subject to an alternate tariff. The ad valorem tariff rates on textile, apparel, footwear and travel goods products are shown in the table below.
